Supported by

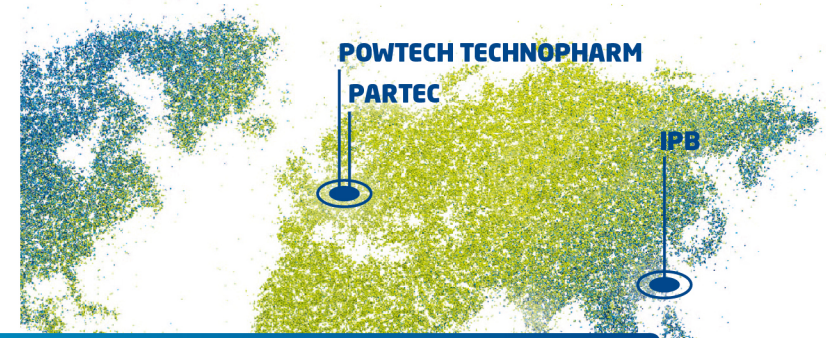

IPB 2024

In recent years, with the development of China's powder application industry, the requirements for powder material processing have become increasingly diverse, complex, and high-tech.

Jointly organized by NürnbergMesse China and the Chinese Society of Particuology, IPB has become the brilliant exhibition platform for the whole processing chain of particles, powder, bulk solids and fluids in China. As China's leading "one-stop purchasing" platform, IPB provides cutting-edge technologies and innovative solutions to serve comprehensive application areas, including food, new energy, chemical, pharmaceutical technology, ceramics & glass, plastic & rubber, and etc.

IPB 2024 will be held again from July 17 to 19 2024 at Shanghai World Expo Exhibition & Convention Center. We welcome you to join the unique platform in China for global powder, bulk solids and fluids industry!

POWTECH WORLD A WORLD OF OPPORTUNITIES

POWTECH TECHNOPHARM

Trade Visitor Categories (Multiple Choices)

Voice of Exhibitors

SYMPATEC
Sympatec GmbH
System-Partikel-technik
德国新帕泰克有限公司

Since 2003, IPB has witnessed the flourishing development of the Chinese market and powder industry technology. On occasion of its 20th anniversary, the accompanying events are more abundant than before, such as 'Release of Innovative Technologies and Products', which Sympatec made a presentation and got much attention from visitors. We sincerely wish IPB could keep its original aspirations with innovative development, making a new blueprint and greater success again in the future.

HANRUIPUZER
汉瑞普泽

This is the 20th time that HANRUIPUZER continuously exhibits at IPB. IPB is an innovative and great exhibition. Many onsite reports of new products, new technologies and future trends in the industry are made this year. Live streaming and event promotion increase the motivation and quantity of visitors, which has good effects on our branding. Professionalism and high standards are IPB's characteristics. IPB staff always help us with the problems along the preparation period. We hope IPB will be even better and will look forward to more international participation next year!

» IPB Conference on Powder Technology Application

- Application in Coating Materials
- Industrial Dust Removal and Explosion-proof
- Intelligent Material Handling Technology for Compounding Factories
- Industrial Dust Removal and Explosion-proof
- Powder, Bulk and Fluid Transportation

» Innovative Technologies & New Products - Special Display Area and Release Conference

The appearance of "Innovative Technologies & New Products" invites many powder industry companies including Leading players to show up with their latest innovation and technologies.

Participation Fee

Booth Type	Zone A	Zone B
Shell Scheme	RMB 2,250/sqm	RMB 1,700/sqm
Raw Space	RMB 1,900/sqm	RMB 1,450/sqm

Early bird: **10% off** before Jan. 31st 2024.
